

Dear valued client,

Thank you very much for choosing our **SenseAnywhere** system.

**SenseAnywhere** is a quality product from CiK Solutions, the specialist for monitoring systems. We appreciate the trust you place in our company and look forward to performing your monitoring tasks reliably.

Operating **SenseAnywhere** is simple and self-explanatory. Should you, however, have any questions when using the system, please do not hesitate to contact us by phone (+49-721- 62 69 08 50) or via email ([info@cik-solutions.com](mailto:info@cik-solutions.com)).

**Your CiK- SenseAnywhere team**

## First steps when using the SenseAnywhere monitoring system

Navigate to the corresponding start page below in your Internet browser and proceed as follows:

- a. **Installation demo kit** : [www.saclient.com](http://www.saclient.com)  
Enter the *username* and *password*.  
You can find both on a label on the back of the demo kit container.  
Once you have logged in you can select the desired language by clicking one of the flags in the top right.
- b. **Initial installation of a purchased system**: [www.saclient.com/redeem](http://www.saclient.com/redeem)  
Select the desired language by clicking one of the flags.  
Click REGISTER NEW COMPANY and enter the Company Name and Pin.  
You can freely define the Company name; reveal the PIN by scratching the field on the Prepaid card.  
Follow the on-screen instructions.
